

## Job Posting: Temporary Seasonal Maintenance Technician

**Position:** Temporary Seasonal Maintenance Technician

**Pay Range:** \$15.00 – \$16.00 per hour

**Reports to:** Water Distribution System Supervisor

**Location:** 246 Price Rd., Sanford, MI (Water District 1 Business Office)

### Position Summary

Water District 1 is looking for a dependable individual to join our team for seasonal maintenance starting in **late spring** and continuing through **early fall**. This is an excellent outdoor role for those who enjoy active work and serving the local community.

### Core Responsibilities

- **Late Spring:** Support the system through scheduled hydrant flushing.
- **Summer Maintenance:**
  - Perform groundskeeping (brush/grass clearing) around hydrants.
  - Conduct hydrant painting and pressure testing.
  - Operate hydrants and valves as needed.
- **Early Fall:** Assist with winterization by pumping down water in hydrants.

### Qualifications

- **Licensing:** A valid driver's license and a clean driving record for insurability.
- **Physical Ability:**
  - Must be able to use manual and power tools.
  - Comfortable lifting materials and working outdoors in various weather conditions.
  - Specific vision requirements: close/distance vision, color vision, and focus adjustment.
- **Skills:** Ability to manage concurrent tasks, basic computerized system knowledge, and professional communication with coworkers and the public.

### How to Apply

Interested candidates should mail their resume to:

**Human Resources**
